County Correspondence

News of our neighboring villages as gleaned each
week by our special staff of correspondents

TO OUR CORRESPONDENTS

Owing to limited space we feel that
we must request our correspondents
to observe a few simple rules in
writing correspondence. First, re-
member that we want all of the im-
portant news that we can get,
especially death notices of prominent
people in your vicinity, news of fires,
accidents, etc., and of visitors from
other communities to your commu-
nity.

Second, remember that it is not
news when you write that so-and-so
ate dinner with John Doe, or someone
else, that it is not necessarily news
to say that John Doe picked apples
for so-and-so, or worked for him for
a day or two. Third, kindly remem-
ber to write plainly, especially the
names of people, so that we may be
able to make them out and have them
correct. Many good items have been
left out, as the names could not be
determined from the copy.

Do You Like Music?

HAVING made arrangements to enlarge and re-
model our present store we are forced to reduce
at once our large stock of **PIANOS, PLAY-
ER-PIANOS, VICTROLAS, KIMBALL and
WIDDICOMB Talking Machines.** Our ware-
house where we have numerous phonographs stored in the
Original Packing Cases must be vacated by the *First of the
Month.* Orders we placed for instruments last Spring are
just being filled and these goods are arriving daily. For us
to buy this same stock at the present time would cost us much
more money, so by purchasing *now* that piano, player-piano
or talking machine you intend to get in a month or two the
saving you will make will surely astonish you. None of this
ock is old or shop worn; all bright and new.

A small payment down will place one of these fine instru-
ments in your home, and you can go on and pay for it as
it plays for you; it is an investment you will never regret.
Choose your finish—Oak, Fumed Oak, Mahogany or Wal-
nut. Used pianos and organs accepted as part payment on
any piano or player-piano. Or perhaps you would like to
exchange that small Victrola for a larger and finer one.
